Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant asserted that an amendment to claim 22, line 4, in order to limit the number of cut financial cards that are formed from a single financial card having the first configuration would put claim 22 in condition for allowance. The Examiner indicated that although Christen discloses several cut financial cards are formed from a single larger financial card, if applicant added a limitation that only one cut financial card is formed from a financial card with a first periphery, then Christen would still meet the claim limitations. It was suggested by the Examiner that a negative limitation be used to limit the number of cut financial cards, or more structure be added to the financial card, such as, the magnetic stripe. Applicant also asserted that claim 32 was not examined in the Office action mailed 09/25/06. It appears that claim 32 was not examined.
